Summary

Cat themed yarn bowl I made for my girlfriend! You can check out her supah-fine dyed yarns at:

Education

She's got a new website now, and we're married. Go figure!

EDIT EDIT: Apparently some people are selling this without permission. I'm changing the license to attribution instead so that the kind people who would actually abide by that will benefit instead. Go wild. Buy a skein from her website if you feel obligated. Or pay it forward in a more generalized karmic way to someone else :)
